

How to Login to Cloud Management Panel

How to Login to Cloud Management Panel.

The login page of Cloud Management Panel can be accessed through a Web URL (You should have received the URL, Login and Password from your service provider via email).

The login process of MachPanel consists of two steps. The first step is the Authentication (entering user name) and the second step is the Authorization (specifying password).

First Step:

The screenshot shows the MachPanel login interface. At the top left is the MachPanel logo with the tagline 'AUTOMATION SOLUTIONS'. Below the logo is the heading 'Login to MachPanel'. A text input field is labeled 'User name (e-mail address)'. Below this is a language dropdown menu currently set to 'English'. There is a checkbox labeled 'Login as End User'. A blue 'Next' button is positioned to the right of the checkbox. A horizontal line with a central circle containing the word 'OR' separates this section from the next. Below the line is a blue button labeled 'Login with Microsoft Azure'. At the bottom center is the copyright notice '© 2019 MachSol, Inc.'.
